Justin Bechthold

Dear Justin Bechthold:

It is with great pleasure that I congratulate you on achieving a place on the Dean's List for the Faculty of Science for 2010-2011. This honour recognizes that you attained a grade point average of 3.60 or higher over at least four full course equivalents during the preceding Spring, Summer, Fall and Winter, sessions. Your inclusion on the Dean's List will be recorded on your transcript.

This is a significant accomplishment, reflecting much hard work and talent. On behalf of Dr. Ken Barker, Dean of the Faculty of Science, I wish you continued success in all your endeavours.

Sincerely,

Dr. R.B. Hicks
Associate Dean, Undergraduate Advising
